

AEO PICAYUNE

THE AEROSPACE EDUCATION DIRECTORATE'S NEWSLETTER

VOL. 2 | U.S. AIR FORCE AUXILIARY – CIVIL AIR PATROL – NORTH CENTRAL REGION – MISSOURI WING | NO. 02

DIRECTORS VECTOR

2015 is turning out to be an action packed year! First, congratulations to Lt Col John O'Neill for his selection as the incoming Missouri Wing Commander! Although he has a Wing to lead and manage, he will still stick around to instruct MARC at the quarterly ASA's. Second... oops... I was about to steal my own thunder! Check out this issue of the AEO Picayune for more information on what's going on in 2015!

AEROSPACE STEM ACADEMY (ASA) NEWS

ASA4 will be this month, 20-22 February 2015. We will be introducing the NARTREK SILVER Advance Model Rocketry Course as well as a Flight Simulator and Astronomy Tracks for Cadets who have soloed in MARC. The new Missouri Wing Drug, Demand, and Reduction (DDR) pedal car demonstration, CAP Orientation Flights, and a tour of Cannon Range are also on tap!

UPCOMING EVENTS

Start Date	End Date	Event	Location
20-Feb-15	22-Feb-15	Aerospace STEM Academy	Ft Leonard Wood
23-May-15	24-May-15	Columbia Air Show	Columbia
29-May-15	31-May-15	Aerospace STEM Academy	Ft Leonard Wood
13-Jun-15	14-Jun-15	Wings Over Whiteman Airshow (Thunderbirds)	Whiteman AFB
20-Jun-15	28-Jun-15	Missouri Wing Summer Encampment	Ft Leonard Wood
1-Jul-15	8-Jul-15	Model & Remote Controlled Aircraft Academy	Salina, KS
21-Aug-15	23-Aug-15	Aerospace STEM Academy	Ft Leonard Wood
22-Aug-15	23-Aug-15	KC Aviation Expo	Kansas City

SAINT LOUIS SCIENCE CENTER'S "EXPERIENCE FLIGHT"

On the planetarium side of the Saint Louis Science Center is an AEO's dream! "Experience Flight" has free flight Microsoft Flight Simulators to fly the STL skyline and fly through the "Gateway Arch" as well as pay to experience the Pulseworks Simulator or their new I-360 Interactive Flight Simulator. While you're there you can check out their exhibit in Space Exploration, Astronomy, see a Planetarium show, and much more! Go to www.slsc.org for more information.

WINGS OVER WHITEMAN 2015 UPDATE

Missouri Wing DAE is working with the local chapter of the Air Force Association (AFA) and the Air Show Project Officer to see on how we can assist with this year's Air Show.

CYBERPATRIOT VII

Congratulations to all teams that participated in CyberPatriot VII! Your hard work and perseverance paid off with some amazing scores in what was our most challenging season yet.

Special recognition goes to the team from the Springfield Regional Composite Squadron for making it all the way to the level 3 category competition for Missouri!

BUILDING A STEEN SKYBOLT

CAP is teaming up with the National Airline History Museum and the Kansas City Aviation Explorers to build a [Steen Skybolt](#). The purpose of the project is to give young people a way to explore interests in aviation and engineering, and is open to anyone interested in helping!

For more information or to volunteer, contact Lennon Carlson at kcskybolt@gmail.com.

FUTURE & ACTIVE PILOT ADVISORS

Future & Active Pilot Advisors (FAPA.aero), formerly known as FtOps.com, is a career and financial advisory service for professional pilots and aspirants. The company specializes in low cost and high quality information and consulting. Through innovative pricing and focused delivery of information that is important to professional pilots, FAPA.aero is a market leader. Attached is their recently published Collegiate Pilot Education & Training Synopsis.

YOUNG EAGLES FLIGHT PLAN

After cadets complete their first CAP Orientation Flight, the EAA sends an email and postcard to the Cadet explaining the program; it's up to the cadet if they wish to register and receive the benefits, to include: Free EAA Student Membership, Free online Sporty's Learn to Fly Course (Including FAA written reimbursement), Free First Flight Lesson, and Flight Training Scholarships! Be sure to advise cadets not to ignore this important email and/or postcard as it's very beneficial, especially those who fall in love with aviation!

Please send updates or suggestions to: ae@mowg.cap.gov – Lt Col Bill Sander, DAE

As a former USAF-CAP Reserve Assistance Officer I've worked closely with Civil Air Patrol in various wing, region and national aerospace educational capacities. Now retired, I serve as an on-call staffer with [FAPA.aero](http://fapa.aero), a virtual entity focused on helping future and active pilots attain their career goals. If you are not already familiar with our organization, you might find a visit to [our website](#) to be an enlightening if not thought-provocative experience.

My primary role is interfacing with the nation's professional pilot (pro-pilot) degree-offering colleges and universities. Attached with our compliments is a copy of our *Collegiate Pilot Education/Training Synopsis*. This document lists over 140 pro-pilot degree-offering institutions and their programs. (*For additional free FAPA.aero pilot education/training resources go to:*

http://fapa.aero/pilot_resources_education.asp)

As you probably know, with but few exceptions, today's military and civilian pilot accession requirements include a college degree; completion of a rigidly prescribed certification program; and, for airline flying positions, up to 1,500 hours of logged flight time. Fortunately, the first two of these career entry prerequisites can often be concurrently fulfilled at most of the colleges and universities listed in the above-mentioned attachment. Many of these institutions also conduct ROTC programs for military flying career aspirants; and, thanks to the Post 9/11 GI Bill, military-affiliated and veteran students are often able to realize significant tuition and flight training costs savings! (*For more detailed information re: VA-supported collegiate pilot education/training go to:*

<http://fapa.aero/warrior-wings.asp>)

I hope that you will see fit to disseminate the above information to your Wing's pilot career-aspiring cadet and senior members. Please do not hesitate to contact me if this message gives rise to any questions or concerns.

-

M. A. (Mike) Schukert, Ph.D. (Lt Col USAF Ret)
Collegiate Aviation Liaison
[FAPA.aero](http://fapa.aero)

Overview & Disclaimer

This document was prepared as a basic “what’s offered where” resource for persons that are, or might be, interested in pursuing a professional pilot (pro-pilot) degree. Military-affiliated readers intending to apply for Veterans Administration (VA) education benefits will also find the organization’s *Warrior Wings* document helpful in determining their eligibility and entitlements. *(Note: Listing in this or other FAPA.aero documents does not constitute a recommendation or program quality assessment)*

Column Heading/Entry Legend

Institution Name: As depicted in the school’s website (accessible in most instances by clicking on the institution name).

Institution Type: **Pub** = Public, **Pvt** = Private; **-R** = Residential, **-C** = Commuting only

Pro-Pilot Degree(s): **A** = Associate (Two-year), **B** = Baccalaureate (Four-year)

Flight Training (*Airplane Category*):

Certificates & Ratings: **P** = Private Pilot; **C** = Commercial Pilot; **I** = Instrument Rating; **M** = Multi-engine Rating; **F** = Certificated Flight Instructor (CFI); **FI** = Instrument Flight Instructor (CFI-I), **FM** = Multiengine Flight Instructor (CFI-MEI); * = Helicopter training available *(Note: Most offerings are FAR Part 141-approved. Degree-required courses are depicted in bold, available optional courses are shown in parentheses; contact institution for details)*

Co-Curricular Affiliations: **1** = Aviation Accreditation Board International (AABI), **2** = Alpha Eta Rho (Professional aviation fraternity), **3** = National Intercollegiate Flying Association (NIFA), **4** = Air carrier internship program(s), **5** = University Aviation Association (UAA), **6** = Women In Aviation International (WAI)

On-Campus ROTC Program(s): **A** = Army, **F** = Air Force, **N** = Navy *(Note: Many schools also offer off-campus/cross-town programs in service branches other than those shown)*
